Monday 18th January 2021

Dear Parents and Carers,

Further to my letter to you yesterday, we have been made aware of two further positive cases of COVID-19 within the school community.

After following the necessary track and trace guidance, and through discussion with Public Health England, we are confident the recent cases are from different bubbles and are likely to be unrelated.

Public Health England has advised us that as no individuals could have been in close contact with the affected persons there is no reason for any further children or staff to self-isolate. The school remains open to students and they should continue to attend as normal if they remain well.

I understand that all COVID-19 cases will be worrying, particularly as cases continue to rise in our region. I want to reassure you that we continue to work closely with local public health protection teams who are happy that our actions and processes are working effectively. The staff are working hard in school to ensure that our risk mitigation measures are applied robustly.

I want to thank you all again for your unwavering support throughout the pandemic as we adapt to these new guidelines.

Kind regards,

Becky Ford

Headteacher
