Dear Parents/Carers,

KS2 Maths Workshop: Introducing Number Sense

This year all children in Key Stage 2 (Years 3-6) will be a part of a new programme launching this year called Number Sense. This is a 10-minute fluency session that happens daily, in addition to the typical mathematics lesson. The aim of the programme is for all children to become fluent in their multiplication tables, which we know is so vital for children's confidence in the subject and academic success.

We are holding two parent workshops (you will only need to attend one) to provide more information on what this programme offers your child and the support available in interventions at school and at home. Please use the link below to sign up to the event. Your child can attend the second session, but we ask for their full engagement too to ensure the session is focussed and useful for all. On arrival for the session you are attending, please use the sign in sheets at the School Office.

Date: Monday 22nd September 2025

Session 1: 2.30-3.15pm

Session 2: 3.30pm-4.15pm

Location: TBC depending on numbers attending.

Please complete the registration form [here](#)

We look forward to welcoming you

Yours faithfully
Miss Westwood
