Friday 7th January 2022

Dear Parents and Carers

Years 3 & 4 Enrichment Week – Spring 1

This term, our topic is 'Africa'. For this we have booked a visitor, Kwame Bakoji-Hume to come and visit the school and run a number of workshops. During the day the children will participate in:

- A storytelling assembly,
- An African drumming workshop where each child will have the opportunity to play a drum,
- An African dance workshop.

We are very excited to have booked this for our children, as we think it will be an amazing experience for the children to learn and be engaged in their new topic. This workshop day has been booked for **Tuesday 1st February.**

Our topic in Science is 'Classification'. To create an engaging and exciting opportunity for the children when learning this topic, we have planned a workshop for the children with the company Zoolabs. Each class will have a 60-minute workshop, where a qualified instructor will support the children in meeting and handling a range of different animals. The children will then learn how these animals have adapted to their habitat and environment. This workshop has been booked for **Friday 28th January.**

We are really excited to have these two events planned for our children, as I am sure you will all agree these experiences are something that all the children have really missed out on due to the COVID-19 pandemic.

In order to support the school in the cost of both of these workshops and events, we are asking for a £13 parent contribution, which is optional to make. This will be available to pay through Parent Mail from **Friday 7th January.**

If you have any further questions, then please do not hesitate to contact your child's class teacher.

Yours faithfully,

Years 3/4 Team
